

Combined Cycle Power plants

Serial	Project name	Start date	Finish date	Location	Scope of work	Client
1	Standardization of basic design exclusive of power block in gas section of combined cycles	2010	2011	Tehran	Design and engineering services	MAPNA
2	Data exchange package project	2010	2011	Tehran	Design and engineering services	MAPNA
3	Yazd Farab power plant	2010	2011	Yazd	Detail and Basic Design for Heler cooling system	FARAB Co.
4	Jandar power plant	2010	2012	Syria	Site supervision	PEEGT
5	Yazd Farab power plant	2009	2012	Yazd	Design and engineering services	FARAB Co.
6	Jandar power plant	2009	2010	Syria	Engineering services	PEEGT
7	Abadan power plant	2009	2012	Abadan	Site supervision	Iran Power Development Company
8	Cooling system-Kahnooj, Khoramshahr, Orumiyeh	2009	2010	Tehran	Engineering services	MAPNA
9	No. 5 amendment for 22 units power plant	2009	2009	Nekah-Kazeroun-Yazd-Kerman	Design and engineering services	Iran Power Development Company
10	5 year engineering services	2009	2009	Tehran	Design and engineering services for Niam 3D Modeling plan-PDMS	MAPNA
11	Tishreen power plant	2009	2010	Tishreen	Design and engineering services	PEEGT
12	Islam Abad Gharb power plant	2009	2009	Islamabad	Design and engineering services	FARAB Co.
13	5 year engineering services	2008	2009	Tehran	Design and engineering service for Niam plan	MAPNA
14	Iran LNG power plant	2008	2010	Kangan	Design and engineering services	Iran LNG Company
15	The main ACC cooling system-4 units power plant	2008	2010	Isfahan-Abadan	Design and engineering services	Abadan: Iran Power Development Company-Isfahan: Persian Steel Company
16	5 year engineering services	2008	2009	Tehran	Technical specifications for combined cycle power plant based on Niam plan	MAPNA
17	5 year engineering services	2008	2008	Tehran	Dual coding system in MAPNA factories documents-Iran LNG project	MAPNA
18	22 units power plant	2008	2011	Jahrom	Site supervision and engineering services	Iran Power Development Company
19	Tishreen power plant	2008	2010	Tishreen	Site supervision	PEEGT
20	22 units power plant	2008	2010	Shirvan	Design and engineering services	Iran Power Development Company
21	22 units power plant	2008	2010	Jahrom	Design and engineering services	Iran Power Development Company
22	Kahnooj power plant	2008	2012	Kahnooj	Design and engineering services	Maahtab Kahnooj Power Generation
23	Kahnooj power plant	2008	2012	Kahnooj	Site supervision	Maahtab Kahnooj Power Generation
24	Isfahan2 power plant	2008	2011	Zavareh	Design and engineering services	Persian Steel Company
25	Isfahan2 power plant	2008	2011	Zavareh	Site supervision	Persian Steel Company
26	Parehsar power plant	2008	2009	Parehsar	Detail and Basic Design for cooling system	Parahsar Project Co.
27	5 year engineering services	2007	2008	Tehran	Preparation of standard documents for Niam plan and Basic Design for Sanandaj, Parehsar, Abadan and Iran LNG power plants	MAPNA
28	Genaveh power plant	2007	2010	Genaveh	Design and engineering services	Genaveh Power Generation Company-MAPNA

Combined Cycle Power plants

Serial	Project name	Start date	Finish date	Location	Scope of work	Client
29	22 units power plant	2007	2010	Sanandaj	Site supervision	Iran Power Development Company
30	22 units power plant	2007	2011	Shirvan	Site supervision	Iran Power Development Company
31	22 units power plant	2007	2010	Sanandaj	Design and engineering services	Iran Power Development Company
32	22 units power plant	2007	2010	Abadan	Design and engineering services	Iran Power Development Company
33	Yazd thermal-solar, Parehsar & Sanandaj power plant	2007	2008	Yazd-Sanandaj-Parehsar	Consulting and engineering services	Iran Power Development Company
34	Parehsar power plant	2007	2010	Parehsar	Design and engineering services	Parahsar Project Co.
35	Parehsar power plant	2007	2011	Parehsar	Site supervision	Parahsar Project Co.
36	Yazd thermal-solar power plant-Gas turbine and steam turbine sections	2006	2010	Yazd	Design and engineering services	Iran Power Development Company
37	Damavand power plant	2006	2010	Varamin	Site supervision	Iran Power Development Company
38	Yazd thermal-solar power plant	2006	2010	Yazd	Site supervision	Iran Power Development Company
39	Damavand power plant	2005	2007	Varamin	Design and engineering services	Iran Power Development Company
40	22 units power plant	2005	2007	Damavand	Design and engineering services	Iran Power Development Company
41	22 units power plant	2004	2007	Kerman	Design and engineering services	Iran Power Development Company
42	22 units power plant	2003	2007	Nekah	Design and engineering services	Iran Power Development Company
43	22 units power plant	2003	2007	Kazeroon	Design and engineering services	Iran Power Development Company
44	5 combined cycle power plant-11 units	2000	2003	Shariati	Design and engineering services	Iran Power Development Company
45	5 combined cycle power plant-11 units	1999	2003	Neyshabour	Design and engineering services	Iran Power Development Company
46	5 combined cycle power plant-11 units	1998	2003	Khoy	Design and engineering services	Iran Power Development Company
47	5 combined cycle power plant-11 units	1998	2003	Fars	Design and engineering services	Iran Power Development Company
48	5 combined cycle power plant-11 units	1997	2002	Shahid Rajaee	Design and engineering services	Iran Power Development Company
49	Montazer Ghaem power plant	1996	2000	Karaj	Design and engineering services	Iran Power Development Company
