

| Transmission lines and Distribution Networks Projects | | | | | | |
|---|--|------------|-------------|---|---|--|
| Serial | Project name | Start date | Finish date | Location | Scope of work | Client |
| 1 | Isfahan-Asaluye 765 kv transmission line | 2010 | 2015 | Isfahan-Asaluye | Site supervision and engineering services | Iran Power Development Company |
| 2 | Karoon 3-Tiran & Karoon 3-Chelsotoun 400 kv lines-OPGW | 2010 | 2011 | Isfahan | OPGW cable and wire equipment purchase and replacement of protective NO.6 | Esfahan Regional Electric Company |
| 3 | Master plan of Imam Khomeini international airport electrification | 2010 | 2011 | Tehran-Imam Khomeini international airport | Studies services | Executer of phase 2 of development plan of Imam Khomeini international airport |
| 4 | Supervision, Procurement, Test and Implementation of South Isfahan400 kv reactor over Yazd line | 2010 | 2010 | Isfahan | Supervision | Esfahan Regional Electric Company |
| 5 | Procurement, Implementation and Training for26 generators | 2010 | 2011 | Tehran | Consultancy services for procurement, commissioning and training | Tehran Electric Power Distribution Company |
| 6 | Design engineering services , Provision & Power plant wall in Tabas | 2010 | 2012 | Tabas | Supervision and engineering services | Iran Power Development Company |
| 7 | Isfahan refinery63 kv lines | 2009 | 2009 | Isfahan | Supervision | MAPNA |
| 8 | Master plan of Yazd distribution network | 2009 | 2009 | Yazd | Engineering services | Yazd Electric Power Distribution Company |
| 9 | Feasibility study and design of Pol DokhtarSerkan 63 kv transmission line | 2009 | 2009 | Poldokhtar | Engineering services | Bakhtar Regional Electric Company |
| 10 | Taghi Dizaj-Astara and Ardebil-Kamiabad 230 kv line-OPGW | 2009 | 2009 | Astara, Ardebil | Engineering services | Azarbaijan Regional Electric Company |
| 11 | Ilam-Islamabad 230 kv line-OPGW | 2009 | 2010 | Ilam, Islamabad | Engineering services | West Regional Electric Company |
| 12 | Manasht substation, Ilam-Islamabad 230 kv line-OPGW | 2009 | 2009 | Ilam, Islamabad | Site supervision | West Regional Electric Company |
| 13 | Khosravi 400 kv line and Gilan Gharb-Sar pol Zahab 63 kv line-OPGW | 2009 | 2010 | Kermanshah | Engineering services | West Regional Electric Company |
| 14 | Khosravi 400 kv line and Gilan Gharb-Sar pol Zahab 63 kv line-OPGW | 2009 | 2010 | Kermanshah | Site supervision | West Regional Electric Company |
| 15 | Farokhshahr-Shahrkord 63 kv transmission line | 2009 | 2010 | Farokhshahr & Shahrkord | Supervision services | Isfahan Regional Electric Company |
| 16 | Supervision of Shahrkord-Shahrkord2 400 kv, 63 kv transmission lines | 2009 | 2010 | Shahrkord | Supervision services | Esfahan Regional Electric Company |
| 17 | Construction of Farsan-Dashtak 63 kv transmission line | 2009 | 2010 | Farsan | Supervision services | Esfahan Regional Electric Company |
| 18 | Consultancy services for blackout reduction of400 kv transmission line of GolpayeganGodarlander | 2009 | 2010 | Isfahan | Engineering services | Esfahan Regional Electric Company |
| 19 | Consultancy services for fiber optic network installationIrancell | 2009 | 2010 | Tehran | Engineering services | .Sky Camtech Co |
| 20 | Supervision of Metro 63 kv cable | 2009 | 2011 | Tehran | Site supervision and engineering services | Tehran Metro Group |
| 21 | Construction of pedestrian canal of Shahid Firoozi substation | 2009 | 2010 | Tehran | Site supervision and engineering services | Tehran Regional Electric Company |
| 22 | Construction of KarkhehAl Emareh 400 kv line | 2009 | 2011 | Khuzestan-Al Emareh | Supervision, Design and Engineering services | Iran Power Development Company |
| 23 | Preparation of regulations of constrution of765 kv transmission line | 2009 | 2010 | Tehran | Standard drafting | .TAVANIR Co |
| 24 | Isfahan Petrochemical63 kv line | 2009 | 2009 | Esfahan Petrochemical site | Supervision | Esfahan Petrochemical Company |
| 25 | Construction of Semnan400 kv and 63 kv transmission line | 2009 | 2010 | Semnan | Engineering services | Semnan Regional Electric Company |
| 26 | Engineering services and supervision om replacement of27 km oil embraced63 kv cable to XLPE | 2009 | 2012 | Tehran province Firoozi-Azarbaijan, Firoozi-Kalantari, Azadgan-Azari, Azadgan-Jeyhoon | Site supervision and engineering services | Tehran Regional Electric Company |
| 27 | Preparation of distribution networks commercial rules & typical contracts for self supplying consumers | 2009 | 2010 | Tehran | Business rules and sample contracts designing | Iran Grid Management Company |
| 28 | Additional engineering for relocation of some parts of63 kv & 400 kv lines near Montazer Ghaem power plant | 2009 | 2009 | Fardis Karaj | Additional engineering services | MAPNA-TOOGA |
| 29 | Relocation of lines in Montazer Ghaem power plantTopography | 2009 | 2010 | Fardis Karaj | Surveying services | MAPNA-TOOGA |
| 30 | Master plan of 8700 km of Yazd medium network | 2008 | 2009 | Nir, Tabas, Khatam, Abarkouh, Bafgh, Mehriz, Taft, Sadoogh, Meybod, Ardakan | Engineering services | Yazd Electric Power Distribution Company |
| 31 | Power plant wall and20 kv line in Tabas | 2008 | 2010 | Tabas | Supervision, Design and Engineering services | Development Organization |
| 32 | 63 kv transmission line of Koobdasht-Sarkan-Maleh Kooh | 2008 | 2010 | Lorestan | Engineering services | Banikan Construction Company |
| 33 | 400 kv transmission line of Jalal-Semnan | 2008 | 2009 | Semnan | Engineering services | Semnan Regional Electric Company |

| Transmission lines and Distribution Networks Projects | | | | | | |
|---|--|------------|-------------|-------------------------------|---|--|
| Serial | Project name | Start date | Finish date | Location | Scope of work | Client |
| 34 | 400 kv transmission line of Jalal-Semnan | 2008 | 2008 | Semnan | Surveying services | Semnan Regional Electric Company |
| 35 | Master plan of development of distribution substations and 20 kv network | 2008 | 2009 | Tehran | Engineering services | Tehran Electric Power Distribution Company |
| 36 | Ilam-Arcovaz and Mehran-Dehloran 230 and 63 kv transmission lines | 2008 | 2011 | Ilam, Kermanshah | Design and Engineering services | West Regional Electric Company |
| 37 | Bistoon-Khosravi 400 kv line | 2007 | 2009 | Bisotoon, Khosravi | Site supervision services | West Regional Electric Company |
| 38 | Daran 400 & 63 kv transmission lines | 2008 | 2009 | Daran | Supervision engineering services | Esfahan Regional Electric Company |
| 39 | Isfahan Petrochemical 63 kv line | 2008 | 2009 | Isfahan | Engineering services | Esfahan Petrochemical Company |
| 40 | Ilam-Arkovaz 230 kv, Zarinabad 132 kv, Mehran-Dehloran 230 kv lines | 2008 | 2009 | Ilam, Kermanshah | Site supervision | West Regional Electric Company |
| 41 | Ahar-Magrey 400 kv line | 2008 | 2009 | Ahar | Design and Engineering services | Iran Power Development Company |
| 42 | 2200 OPGW installation on transmission lines through out the country | 2008 | 2009 | Around the country | Supervision and engineering services | Iran Power Development Company |
| 43 | Mayamey-Reyabad, DC 63 kv | 2008 | 2008 | Reyabad | Surveying services | Semnan Regional Electric Company |
| 44 | Khomeinishahr-Isfahan refinery 63 kv line | 2008 | 2008 | Isfahan | Engineering services | MAPNA |
| 45 | Isfahan refinery 63 kv lines | 2008 | 2008 | Isfahan | Engineering services | MAPNA |
| 46 | Fasa-Asaluye 400 kv line | 2008 | 2010 | Fars, Boushehr | Supervision and engineering services | Iran Power Development Company |
| 47 | Localization strategy for electrical railway | 2008 | 2008 | Tehran | Revising and Studies services | Islamic Republic of Iran Railways |
| 48 | Distribution network for West Zanjan | 2008 | 2009 | Zanjan | Technical Design services | Zanjan Electric Power Distribution Company |
| 49 | Khoda Afarin-Ahar 230 kv and Khoda Afarin-Kalibar 63 kv lines | 2007 | 2008 | Kaliber-Ahar-Khodafarin | Engineering services | Azarbaijan Regional Electric Company |
| 50 | 2200 OPGW installation on transmission lines through out the country | 2007 | 2008 | Around the country | Supervision and engineering services | Iran Power Development Company |
| 51 | Islamabad-Ghale Ganj and Shahmaran-Shahmaran2 132 kv lines | 2007 | 2008 | Shahmaran, Islamabad | Supervision services | Kerman Regional Electric Company |
| 52 | Kerman-Bam 400 kv line | 2007 | 2008 | Bam-Kerman | Supervision services | Kerman Regional Electric Company |
| 53 | Construction of Cheharmahalbakhtiari and Isfahan transmission lines | 2007 | 2010 | Cheharmahalbakhtiari, Isfahan | Engineering services | Esfahan Regional Electric Company |
| 54 | Construction of 400 kv connection lines for Shahmaran2 400 kv substation | 2007 | 2009 | Shahmaran | Supervision services | Kerman Regional Electric Company |
| 55 | Mayamey-Reyabad, DC 63 kv | 2007 | 2008 | Reyabad | Engineering services | Semnan Regional Electric Company |
| 56 | Construction of Cheharmahalbakhtiari and Isfahan transmission lines | 2007 | 2010 | Cheharmahalbakhtiari, Isfahan | Engineering services | Esfahan Regional Electric Company |
| 57 | 230 and 63 kv lines near Montazer Ghaem power plant | 2007 | 2010 | Fardis Karaj | Site supervision and engineering services | MAPNA |
| 58 | Eshkanan-Beyrom-Emaddeh 132 lines | 2007 | 2008 | Eshkanan-Beyrom | Supervision | Fars Regional Electric Company |
| 59 | Bistoon-Islamabad-Khosravi 400 kv line | 2007 | 2008 | Kermanshah | Supervision services | West Regional Electric Company |
| 60 | Ahar-Magrey 400 kv line | 2006 | 2009 | Ahar | Engineering services | Iran Power Development Company |
| 61 | Jahrom power plant-Jahrom2 230 kv line | 2006 | 2006 | Jahrom | Engineering services | Fars Regional Electric Company |
| 62 | Sarab-Ardebil 230 kv line | 2006 | 2008 | Ardebil | Engineering services | Azarbaijan Regional Electric Company |
| 63 | Zangiabad 132 and 230 kv | 2006 | 2006 | Kerman | Engineering services | Kerman Regional Electric Company |
| 64 | Golpayegan-Godarlander line in Daran 400 kv substation | 2006 | 2008 | Daran, Golpayegan | Engineering services | Esfahan Regional Electric Company |
| 65 | Bistoon-Siman Gharb 63 kv line | 2006 | 2006 | Kermanshah | Site supervision services | West Regional Electric Company |
| 66 | Kerman-Bam 400 kv line | 2006 | 2007 | Bam-Kerman | Supervision engineering services | Kerman Regional Electric Company |

Transmission lines and Distribution Networks Projects

| Serial | Project name | Start date | Finish date | Location | Scope of work | Client |
|--------|---|------------|-------------|--|---|--|
| 67 | Cheshmeh Sefid-Mahidasht 63 kv line | 2006 | 2008 | Kermanshah | Design and Engineering services | West Regional Electric Company |
| 68 | Bistoon-Islamabad-Khanegheyn400 kv line | 2006 | 2007 | Kermanshah | Supervision | West Regional Electric Company |
| 69 | Construction of Tehran fiber optic network | 2005 | 2006 | Tehran | Supervision engineering services | Tehran Regional Electric Company |
| 70 | Karoon 3 line | 1995 | 1999 | Cheharmahalbakhtiari, Khouzeestan, Isfahan | | Esfahan Regional Electric Company |
| 71 | Islamabad-Ghale Ganj and Shahmaran1-Shahmaran2 132 kv lines | 2005 | 2007 | Shahmaran, Islamabad | Engineering services | Kerman Regional Electric Company |
| 72 | Construction of Dehloran 132 kv lines | 2005 | 2008 | Dehloran | Engineering services | OEID-OH & Energy Industries Development Co |
| 73 | Karoon3-Tiran 400 kv line | 2005 | 2005 | Cheharmahalbakhtiari, Khouzeestan, Isfahan | Engineering services | Esfahan Regional Electric Company |
| 74 | OPGW on Chaboksar-Gilan power plant 230/63 line | 2005 | 2006 | Gilan | Engineering services | Gilan Regional Electric Company |
| 75 | Bistoon-Siman Gharb 63 kv line | 2005 | 2005 | Kermanshah | Site supervision engineering services | West Regional Electric Company |
| 76 | Kermanshah OPGW 230/63 kv ring | 2005 | 2005 | Kermanshah | Supervision engineering services | West Regional Electric Company |
| 77 | Nasaji-Havanirooz 63 kv line | 2005 | 2005 | Kermanshah | Engineering services | West Regional Electric Company |
| 78 | Construction of Bistoon-Islamabad-Khanegheyn400 kv line | 2005 | 2007 | Kermanshah | Engineering services | West Regional Electric Company |
| 79 | Master plan of Ardebil & East Azarbaijan agriculture wells distribution network | 2005 | 2006 | West Azarbaijan, Ardebil | Engineering services | Azarbaijan Regional Electric Company |
| 80 | Construction of Marivan-Sanandaj 63 kv line | 2005 | 2006 | Marivan, Sanandaj | Engineering services | West Regional Electric Company |
| 81 | Construction of Mobin Petrochemical Industries1 32 kv lines | 2004 | 2006 | Boushehr | Engineering services | Mobin Petrochemical Complex |
| 82 | Ahvaz2-Masjed Soleiman 400 kv line | 2004 | 2007 | Ahvaz-Masjed Soleiman | Site supervision and engineering services | Iran Power Development Company |
| 83 | OPGW installation on Shadmehr-Ghaen 400 kv line | 2004 | 2004 | Shadmehr, Ghaen | Engineering services | Khorasan Regional Electric Company |
| 84 | Shiraz-Sadra 230 kv line | 2004 | 2007 | Shiraz | Engineering services | Fars Regional Electric Company |
| 85 | Mobin power plant connection plan to132/20 kv mobile station | 2004 | 2004 | Boushehr | Engineering services | Mobin Petrochemical Complex |
| 86 | Kangan-Jam 132 kv line | 2004 | 2004 | Jam-Kangan | Site supervision engineering services | Fars Regional Electric Company |
| 87 | West network study | 2004 | 2004 | Ilam, Kordestan, Kermanshah | Engineering services | West Regional Electric Company |
| 88 | Ilam-Arkovaz 63 kv and Mehran-Dehloran 132 kv lines | 2004 | 2007 | Ilam, Kermanshah | Engineering services | West Regional Electric Company |
| 89 | Master plan of Kermanshah distribution network | 2004 | 2004 | Kermanshah | Supervision engineering services | West Regional Electric Company |
| 90 | Master plan of Ilam& Sanandaj distribution network | 2004 | 2004 | Ilam, Kordestan | Supervision engineering services | West Regional Electric Company |
| 91 | Shadmehr-Neysaboor 400 kv OPGW | 2004 | 2005 | Neysabour, Shadmehr | Engineering services | Khorasan Regional Electric Company |
| 92 | Fiber optic on Tehran network | 2004 | 2004 | Tehran | Engineering services | Tehran Regional Electric Company |
| 93 | Construction of Bistoon-Siman Gharb 63 kv line | 2004 | 2005 | Kermanshah | Engineering services | West Regional Electric Company |
| 94 | Construction of Bam-Kerman 400 kv line | 2004 | 2007 | Bam-Kerman | Engineering services | Kerman Regional Electric Company |
| 95 | Gilan network study | 2003 | 2004 | Gilan | Engineering services | Gilan Regional Electric Company |
| 96 | OPGW on Zanjan-Myane-Tabriz 230 kv line | 2003 | 2004 | East Azarbaijan, Zanjan | Engineering services | Iran Power Development Company |
| 97 | OPGW on Aliabad-Esfarayan400 kv line | 2003 | 2004 | Khorasan | Engineering services | Iran Power Development Company |
| 98 | Procurement of 1000 km of OPGW and fiber optic cables | 2003 | 2004 | - | Engineering services | Iran Power Development Company |
| 99 | OPGW on Bandar Abas-Bandar Pohl 230 kv line | 2003 | 2004 | Hormozgan | Engineering services | Iran Power Development Company |

| Transmission lines and Distribution Networks Projects | | | | | | |
|---|---|------------|-------------|--|---------------------------------------|--|
| Serial | Project name | Start date | Finish date | Location | Scope of work | Client |
| 100 | OPGW on Neyshabour-Esfarayan 400 kv line | 2003 | 2005 | Khorasan | Engineering services | Iran Power Development Company |
| 101 | OPGW on Sirjan-Bandar Abas 400 kv line | 2003 | 2006 | Sirjan-Abas port | Engineering services | Iran Power Development Company |
| 102 | 995 km OPGW cable on Rafsanjan-Zarand-Bafgh 132 kv line | 2003 | 2004 | Bafgh-Zarand | Supervision engineering services | Iran Power Development Company |
| 103 | OPGW on Rafsanjan-Sirjan-Sarcheshmeh 230 kv line | 2003 | 2004 | Rafsanjan-Sirjan-Sarcheshmeh | Engineering services | Iran Power Development Company |
| 104 | Lar-Emadeh 66 kv line-Beyrom-Eshkanan 132 kv | 2003 | 2004 | Eshkanan-Beyrom | Engineering services | Fars Regional Electric Company |
| 105 | OPGW on Kermanshah ring 230 kv line | 2003 | 2005 | Kermanshah | Engineering services | West Regional Electric Company |
| 106 | OPGW on Kermanshah ring 63 kv line | 2003 | 2005 | Kermanshah | Engineering services | West Regional Electric Company |
| 107 | OPGW on Tabriz-Khoy 400 kv line | 2003 | 2005 | Khoy-Tabriz | Engineering services | Iran Power Development Company |
| 108 | OPGW on Hamedan-Sanandaj 230 kv line | 2003 | 2004 | Kordestan & Hamedan | Engineering services | Iran Power Development Company |
| 109 | OPGW on Kermanshah-Sanandaj 230 kv line | 2003 | 2005 | Kordestan & Kermanshah | Engineering services | Iran Power Development Company |
| 110 | OPGW on Sarcheshmeh-Sirjan 230 kv line | 2003 | 2004 | Sirjan-Sarcheshmeh | Engineering services | Iran Power Development Company |
| 111 | Shahmaran 2 400 kv DC line | 2002 | 2006 | Shahmaran-Sirjan | Engineering services | Kerman Regional Electric Company |
| 112 | OPGW in Khoramabad Kermanshah 400 kv line | 2002 | 2002 | Kermanshah & Lorestan | Engineering services | Iran Power Development Company |
| 113 | OPGW on Zanjan-Myane-Tabriz 400 kv line | 2002 | 2002 | East Azarbaijan, Zanjan | Engineering services | Iran Power Development Company |
| 114 | Construction of Karoon3-South Isfahan 400 kv transmission lines | 2002 | 2002 | Cheharmahalbakhtiari, Khuzestan, Isfahan | Site supervision engineering services | Esfahan Regional Electric Company |
| 115 | OPGW on Dargahan-Laft-Bandar Pohl 400 kv line | 2002 | 2002 | Hormozgan | Engineering services | Iran Power Development Company |
| 116 | OPGW on Jenah-Bandar Lengeh-Bandar Pohl 230 kv line | 2002 | 2002 | Hormozgan | Engineering services | Iran Power Development Company |
| 117 | OPGW on Minab crossroads-Bandar Abas 230 kv line | 2002 | 2002 | Hormozgan | Engineering services | Iran Power Development Company |
| 118 | OPGW on Minab-Jask 230 kv line | 2002 | 2002 | Hormozgan | Engineering services | Iran Power Development Company |
| 119 | Construction of Karoon3-South Isfahan & Tiran 400 kv line | 2002 | 2002 | Cheharmahalbakhtiari, Khuzestan, Isfahan | Engineering services | Esfahan Regional Electric Company |
| 120 | Kangan-Jam 132 kv line | 2002 | 2002 | Jam-Kangan | Engineering services | Fars Regional Electric Company |
| 121 | Recognition of procurement situation of transmission and distribution lines | 2002 | 2003 | Tehran | Engineering services | .TAVANIR Co |
| 122 | Tabas-Eshghabad 132 kv line | 2001 | 2002 | Tabas | Engineering services | Khorasan Regional Electric Company |
| 123 | Kerman-Rafsanjan 230 kv line | 2001 | 2004 | Rafsanjan-Kerman | Engineering services | Kerman Regional Electric Company |
| 124 | Baft-Sirjan 132 kv line | 2001 | 2003 | Baft-Sirjan | Engineering services | Kerman Regional Electric Company |
| 125 | Reviewing the consumption market of transmission lines | 2001 | 2002 | Tehran | Engineering services | .TAVANIR Co |
| 126 | Construction of 400 kv transmission lines for Karoon4 substaion and power plant | 2000 | 2004 | Khuzestan | Engineering services | .FARAB Co |
| 127 | Karoon3 400 kv lines | 2000 | 2002 | Cheharmahalbakhtiari, Khuzestan, Isfahan | Engineering services | Esfahan Regional Electric Company |
| 128 | Rasht-Lahijan 63 kv | 1999 | 2000 | Gilan | Engineering services | Gilan Regional Electric Company |
| 129 | Topography of Karoon3 400 kv line | 1998 | 1999 | Cheharmahalbakhtiari, Khuzestan, Isfahan | Surveying engineering services | Esfahan Regional Electric Company |
| 130 | Construction of South Ahvaz-Debel 132 kv line | 1997 | 2000 | Khuzestan | Engineering services | .Sugarcane & By-Product Development Co |
| 131 | Construction of Salman-Amirkabir 132 kv line | 1997 | 2000 | Khuzestan | Engineering services | .Sugarcane & By-Product Development Co |
| 132 | Construction of Debel-Salman 132 kv line | 1997 | 2000 | Khuzestan | Engineering services | .Sugarcane & By-Product Development Co |

Transmission lines and Distribution Networks Projects

| Serial | Project name | Start date | Finish date | Location | Scope of work | Client |
|--------|--|------------|-------------|--|----------------------|--|
| 133 | Capacitor installation in West Gilan network | 1997 | 1997 | Gilan | Engineering services | Gilan Regional Electric Company |
| 134 | Reviewing Rasht-Lahijan and Siahkhal-Lahijan 63 kv lines | 1997 | 1998 | Gilan | Engineering services | Gilan Regional Electric Company |
| 135 | Reviewing Rasht-Chaboksar 230 kv line | 1997 | 1998 | Gilan | Engineering services | Gilan Regional Electric Company |
| 136 | Gilan network system study | 1997 | 1998 | Gilan | Engineering services | Gilan Regional Electric Company |
| 137 | Karoon3-Tiran and Karoon3-South Isfahan 400 kv lines | 1997 | 2000 | Cheharmahalbakhtiari, Khouzeestan, Isfahan | Engineering services | Esfahan Regional Electric Company |
| 138 | Construction of 400 kv transmission line for Karoon3 substation and power plant | 1996 | 1998 | Khouzeestan | Engineering services | FARAB Co |
| 139 | Construction of 33 kv transmission lines for sugarcane industry plant | 1994 | 1995 | Khouzeestan | Engineering services | .Sugarcane & By-Product Development Co |
| 140 | Designing of Maskan Mehr Astara-Anzali 63 kv lines | 2011 | | Anzali & Astara | Engineering services | |
| 141 | Designing of Stimreh-Abdanan-Dehloran 230 kv transmission line | 2011 | | | Engineering services | |
| 142 | Dadinkowa hydro-power plant line | 2011 | | | Engineering services | |
| 143 | Construction of double circuit transmission line for residential-industrial concentration plan of Sedin | 2011 | | | | |
| 144 | 10 structural design of telecommunication telescopic tower | 2011 | | | | |
| 145 | Detailed and Master plan for power of 5000 hectare site of Persian Gulf special metal and mining industries zone | 2011 | | | | |
| 146 | Mehran-Dehloran 230 kv line | 2011 | | | | |
| 147 | Mehran-Azar 132 kv line | 2011 | | Ilam | | |
| 148 | Revising the master plan of development of 20 kv distribution network by year 1404 with a 3 year horizon | 2011 | | | | |
| 149 | Semnan HVDC substation and line-Rial section | 2011 | | Semnan | | |
| 150 | Semnan HVDC substation and line-Rial section-Dollar section | 2011 | | Seman | | |
| 151 | OPGW for Yazd1-Yazd2 400 kv and Ardakan-Meybod 63 kv lines | 2011 | | Yazd | | |
